

PRINCE CARLO MONACILLO

IT Support | Junior Software Developer

📞 09918232346

🏠 Purok Lanoy, Brgy. Calumpang, General Santos City, Philippines

✉️ itsmetheit@gmail.com

SUMMARY

Junior Software Developer with hands-on experience in **web and systems development** through academic and internship projects. Proficient in **Python, Java, PHP, JavaScript, SQL, and Laravel**, with experience building database-driven applications, RESTful APIs, and information management systems. Strong foundation in software testing, debugging, version control (Git/GitHub), and IT support, with a passion for developing reliable and user-focused solutions.

EXPERIENCE

IT Intern
Barangay West Office

📅 01/2026 - 04/2026 📍 General Santos City, Philippines

- Developed a Barangay Information Management System Lupon26 to support local administrative processes.
- Designed and implemented system modules for record handling and data organization.
- Assisted in digitizing barangay workflow processes to improve efficiency and accessibility.
- Applied software development practices using version control (GitHub) for project collaboration.
- Conducted testing and debugging to ensure system reliability before deployment.
- Documented system features and technical implementation for reporting requirements.

Capstone Project Developer – Smart Fire Detection & Suppression System
Mindanao Polytechnic College

📅 08/2025 - 12/2025 📍 General Santos City, Philippines

- Developed a smart water-based fire detection and suppression system.
- Integrated sensor-based detection with automated response system.
- Implemented mobile notification alerts for real-time monitoring.
- Designed system architecture and assisted in hardware–software integration.
- Conducted testing and documentation for academic research requirements.

EDUCATION

Bachelor of Science in Information Technology
Mindanao Polytechnic College

📅 2023 - 2026 📍 General Santos City, Philippines
